MAKING IT FAIR

India has one of the lowest female labour participation rates

Low enrollment at all levels; higher dropout rates

Girls pursuing higher education instead of work

Lack of enough flexibility and social security at workplace

WHAT NEEDS TO BE DONE

Widen social security net for unorganised female workers

Higher enrollment, completion of girl child's education

Policies to address inherent discrimination against women

Emphasise on skilling and apprenticeship training to women

FEMALE LABOUR FORCE PARTICIPATION RATE (In %)

	Rural	Urban	Overall
2017-18	18.2	15.9	17.5
2018-19	19.7	16.1	18.6
2019-20	24.7	18.5	22.8

BACKGROUND

- ❑ Recognizing the importance of '**Traditional Cluster Development**', FICCI launched a program called Virasat: The Heritage in 2018 with the focus on mainstreaming Skill Development in select traditional clusters. The first edition witnessed Government participation from more than 10 states. In 2019, the 2nd edition of the program focused on Showcasing North Eastern States.
- ❑ Taking this initiative forward, FICCI also constituted a taskforce for '**Traditional Cluster Development**' under the leadership of **Ms Veena Swarup, Former Director HR, EIL** which comprises stalwarts from the skill development field, training providers, international agencies, etc., to initiate a capacity building/ skilling program for the local workforce involved in craftsmanship, local produce, etc. As a pilot, the Task Force decided to take up a pilot project in Assam Food Processing and Apparel Clusters.

OBJECTIVES OF THE PROGRAM

- FICCI has identified partners from the Industry who are supporting , upskilling and reskilling initiatives of local artisans and entrepreneurs of India
- Create roadmap for interventions that can support sustained livelihoods for craftsmen and artisans
- Explore partnership and collaboration opportunities between stakeholders for forward and backward linkages of the local entrepreneurs
